to buyers and sellers, the quotations are

of the week. Nothing, however, the general ten-
dency of trade, is sufficient to indicate
quotation will be given on which dealers can safely
base their transactions.

The product of the hatter's trade
is finding a lively demand and the
dealers in goods are rejoicing at the
boom, but other traders are still com-

POSITIVE PROOF

That Slugger Suspect Was in
Waverley Saturday Night.

Street Car Conductor on Whose Car
He Rode from Waverley at 10:28 p.
m. on the Night of Miss Morton's
Murder Comes Forward and Identifies
Prisoner as His Lone Passenger
—Evidence Came When State Offi-
cers Thought It Impossible to Hold
Mason—New Evidence which Com-
bats Alibi Set Up by Prisoner's Re-
latives—Will Have Hearing Tuesday.

Cambridge, Mass., Nov. 6.—Alvin G.
Mason was arraigned before Judge
Almy yesterday and held on the charge
of murder until next Tuesday. He en-
tered a plea of not guilty. As in a small
with so serious a charge, he was held
without bail, and was committed to the
East Cambridge Jail.

The action was a complete surprise,
for everybody not intimately connected
with the case expected that the prisoner
would be discharged. The definite
statement was made in all the news-
papers that Officer Dunham of the
state police would ask for his release,
on the ground that the suspicious
against him had not been substantiated.
The presence of Dunham in the
court room at the time of the case
was called strengthened this feeling.

But shortly after court opened Dunham
had a conference with Judge Almy, at
which the prisoner's counsel was present,
and after it was finished Dunham
swore to the complainant, as follows:

"George Dunham of the petition on
Nov. 5, 1902, on oath complains that
A. G. Mason did assault and beat Clara
H. Morton with intent to murder her
by striking her on the head with a
weapon unknown, and by such assault
and beating did kill and murder said
Morton."

This unexpected turn of affairs is the
result of new evidence, which, accord-
ing to the state police, greatly strength-
ens the case against the prisoner. The
evidence Dunham told a reporter that
it relates to the prisoner's presence in
Waverley at the time the crime was
committed. Of this evidence the offi-
cers have had "an inkling," as Mr.
Dunham expressed it, for some time,
but they were not able to run it down
until late Tuesday night.

Though the officer would not state
definitely what the evidence was, it is
understood from other reliable sources
that it is the testimony of a conductor,
Charles F. Brown, who runs on the
electric cars between Boston and
Waverley. He says that a man was seen
in his car just before it left Waverley
at 10:28 o'clock, who attracted his at-
tention by his nervousness and his great
desire to talk. When the conductor
was given a glimpse of Mason in the
court room yesterday he is said to have
identified him as the man.

His story, if true, contradicts the
statement of the prisoner that after
leaving his house at 9:30 he took a
train in the Boston subway for Sullivan
square, rode out on the cars, as was
his almost nightly habit, to Highland
square, Somerville, and returned home
about midnight.

The state's other two witnesses, said
by the morning papers to have gone
back on their original statements, were
declared by Dunham to hold to their
testimony. This testimony that they
saw Mason in Waverley about 9 o'clock,
just after the murder—conducts with
statements of the prisoner's brother,
Edward P. Mason, president of the
Mason & Hamlin Organ company. He
has declared to the police that he was
playing chess with Henry C. Tyler at
his mother's house in Newbury street,
and that his brother was with him, an
interested spectator of the game.

leaving the building by a window

St. Pierre Fire Was Incendiary.

St. Johns, Nov. 6.—Reports show the
big fire which partially destroyed the
town of St. Pierre, Miquelon, last Sat-
urday night was due to incendiaryism.
The fire originated in the Catholic
church, which is a masterpiece of archi-
tecture. It was started by a window
shortly after the fire broke out.

Robbers Took Safe and Contents.

Colchester, Conn., Nov. 6.—Michael
Levine, a farmer of this town, was
robbed of a safe containing \$1100, the
proceeds of a recent auction sale of
farm property. The safe was in a room
next to the chamber in which Levine
slept, but the burglars pried open a
window of the room, lifted out the safe
and escaped unobserved.

Russia's Hand Seen.

London, Nov. 6.—The Pekin corre-
spondent of The Times says Russia has
sanctioned the Chinese request for per-
mission to dispatch 1000 troops outside
the great wall to protect the railway and
suppress brigandage. The foreigner
empress has spontaneously declared,
according to The Times, to construct a
30-mile branch railway from the Pe-
kin-Han Kau main line to the western
tomb.

Roosevelt Talked to Masons.

Philadelphia, Nov. 6.—President
Roosevelt was the principal guest yester-
day at the sesqui-centennial anni-
versary celebration by the grand lodge
of Free and Accepted Masons of Penn-
sylvania, of George Washington's en-
trance into the Masonic fraternity.
The president was also the orator of
the occasion. The celebration was ex-
clusive, being limited to one representa-
tive from each subordinate lodge in this
state, together with the members of
the grand lodge and its committées.

Meat Men on Strike.

Pittsburg, Nov. 6.—The threatened
strike of the union butchers, meat cut-
ters and the like of Pittsburg and Al-
legany is on. The men quit work yester-
day. In addition about 200 non-
union men quit their places.

Four Went Down With Launch.

New York, Nov. 6.—Captain Van
Wart reports that a naphtha launch, the
Ethel, capsized in the Rockaway
inlet yesterday and that the three men
and a boy aboard were drowned. The
launch filled and sank.

BEATEN AND CHOKED.

New Hampshire Woman Severely
Handled by a Masked Man.

Colebrook, N. H., Nov. 6.—Mrs.
Martina Bunnell of Lemington spent
Tuesday afternoon at Colebrook vil-
lage in shopping and was driving home
to Lemington, a distance of five miles,
at about 4:30 o'clock. As she was go-
ing through a patch of woods a man
wearing a mask and a long coat ap-
peared and snatched the bits of her
horse. The animal jumped suddenly and
Mrs. Bunnell was thrown from the
wagon. The man grabbed her and
dragged her into the woods, in spite of
her violent struggle and screams. When
she tried to tear the mask from the
man's face, he struck her on the head
and choked her into insensibility. As
Mrs. Bunnell's horse, after the driver,
plunged which threw out the driver, had
run home with an empty wagon, Mr.
Bunnell hurried back to find his wife.
Apparently the outlaw had taken
flight, for Mrs. Bunnell was found
alone in a semi-conscious condition.
Her clothing was nearly torn off and
she was badly bruised.

She was taken to her home. She is
in a serious condition, but able to de-
scribe her assailant as being a large
man wearing a slouch hat. As soon as
the town authorities heard of the as-
sault, they took the matter in hand and
a posse of citizens started out yesterday
to find the stranger. Their search was
without result.

APPLAUSE IN COURT.

When Witness Gave Testimony Which
Was in Favor of Mollineux.

New York, Nov. 6.—The trial of Ro-
land B. Mollineux, which was adjourned
on Saturday, was resumed yesterday.
The whole session being devoted to the
testimony and cross-examination of ex-
perts in handwriting. Marshall D.
Elwell, who was under examination
when the court adjourned, resumed the
stand. His statement that certain
peculiarities of Mollineux's handwriting,
on which the prosecution laid
stress, were common to 50 percent of
all writings, were greeted with applause
which was quickly suppressed.

Dr. Elwell was succeeded by War-
ren A. Drake, who testified that there
were too many points of difference in
the disputed writings to warrant the be-
lief that they were all by the same
hand.

Mrs. Stephenson, the woman who is
reported to have made an affidavit that
she saw the poisoned package mailed
by a man who was not Mollineux, was
in court under a subpoena by the de-
fense. It is doubtful, however, whether
she will be called on to testify. David
N. Corbett, another expert, was on the
stand when court adjourned until today.

Program Cancelled.

Boston, Nov. 6.—Owing to complica-
tions that have arisen between Mas-
cagnoli, the Italian composer, and his
management, regarding money mat-
ters, a large audience that had as-
sembled in Music Hall last night to wit-
ness the first production in America
of Mascagnoli's "Ritornello" was dis-
appointed by the non-appearance
of the composer-leader and his
orchestra, and after waiting an hour
and a half, the audience dispersed.

Mascagnoli and his orchestra claim that
they are 30 days in arrears of salaries,
which statement is denied by his man-
agers.

Widows Implicated in Fraud.

Washington, Nov. 6.—The interior
department has suspended, with a
view to cancellation, a large number of
alleged fraudulent land entries in Ne-
braska, made by soldiers' widows who,
it is charged, have entered into an
agreement for the transfer of the lands
to cattlemen. The exact extent of these
operations is not disclosed, but so far
as known there are about 45 or 50 of
them, each entry being for 160 acres.

Federal Party's Complaint.

San Juan, P. R., Nov. 6.—The Ameri-
can federal party yesterday issued a
proclamation complaining bitterly of
what is termed the partiality of the gov-
ernment in favoring the Republicans in
the election. The proclamation reviews
the party's causes of complaint and de-
clares that a manifesto will be issued
to the people of the United States,
accompanied by particulars and proofs
of the alleged outrages.

Americans Threaten Vengeance.

Manila, Nov. 6.—As the result of
the killing of an American bartender,
named Armitage, by a native police-
man in this city and quarrel with him,
the governor of the province has requested
General Bell to furnish military protection
against a party of unemployed
Americans who are threatening
vengeance. General Bell has ordered
the garrison to preserve order.

Think Wages High Enough.

Paris, Nov. 6.—The arbitrators of the
miners' strike in the department of the
Pas de Calais yesterday gave a de-
cision against an increase of the present
rates of wages, holding that the rates
are proportionate to the selling price of
coal. The delegates of the miners
are dissatisfied with the decision.

Explosion in Gas Works.

Spencer, Mass., Nov. 6.—A heavy ex-
plosion, which did not prove fatal to
anyone, occurred in the purifying room
of the Spencer Gas company last night.
The front part of the building was en-
tirely demolished and the windows in
the building across the street were
blown in. In the gas building itself
were three workmen, and one of them
was hurled for some distance, but re-
ceived only a few bruises. The loss is
about \$10,000.

Will Fight for No-License.

Boston, Nov. 6.—After discussion
of the vote by which the district of

mittee of the Boston Temperance Federa-
tion yesterday decided to begin a

REPUBLICAN RULE

Party Will Have 25 Majority
in National House.

Democrats Capture the Republican
Stronghold of Rhode Island, but Re-
publicans Have Majority in Joint
Ballot in General Assembly—Great
Showing Made by the Candidates of
the Socialist Party in Massachusetts
—Latest Figures From All Over
the Country as to How the Battle of
the Ballots Was Fought and Won.

Washington, Nov. 6.—The latest re-
turns received show that the Republi-
cans (including in this description the
fusionists elected from the Pittsburgh
Allegheny districts in Pennsylvania)
will control the next house by a vote of
204 Republicans to 179 Democrats,
with one district, the Eighth Tennessee,
and two California districts remaining
so much in doubt that the official re-
turns will be needed to decide the result.
The totals given are believed to be
correct, although there are a few dis-
crepancies, such as two in Colorado and
one in Minnesota, where the Republican
and Democratic party managers re-
spective have not concluded their re-
turns, elected by the legislature, but the
general result could not be affected
even should their claims prove well
founded.

Des Moines, Nov. 6.—Fuller returns
place the Republican plurality on the
state ticket in Iowa a little above 70-
000. The plurality of P. B. Bissell,
governor-elect, is 100,000. Henderson
from the Third district, is 5575.

Baltimore, Nov. 6.—Complete returns
from city and state show that Mary-
land's representation in the next house
will be four Republicans and two
Democrats, a gain of two seats for the
Democrats.

Topeka, Nov. 6.—All the state offices
and a large part of the county offices
were taken by the Republicans. They
have elected every member of con-
gress and more than 90 members of the
legislature.

Sioux Falls, S. D., Nov. 6.—Reports
thus far give the Republican congres-
sional ticket a plurality of 19,000. The
Republicans have a large majority in
the state legislature.

Phoenix, Ariz., Nov. 6.—The election
of a delegate to congress from Arizona
is still in doubt. Whether Republican
or Democratic, the majority probably
will be less than 300.

THEY DIED TOGETHER.

Minister and Missionary Found in
Vestibule of Church.

Omaha, Nov. 6.—Clipped in each
other's arms, lying on the floor of the
vestibule of the German Baptist
church, the janitor of the church yester-
day discovered the dead bodies of Rev.
W. C. Harb, pastor, and Augusta Busch,
a missionary and assistant to the pastor.
Death had been caused by asphyxia-
tion. The room was filled with gas, a
jet and a burner of a small stove being
left unattended.

The bodies were lying on the floor,
the woman's head being pillowed on
some cushions. There seems to be lit-
tle doubt that death was accidental.
It is believed that the pair had fallen
asleep, the stove flame blew out and
the gas escaped.

It was thought at first the two had
committed suicide, for on the table was
an open letter, a neatly arranged
bouquet, Rabe's watch and glasses and
his hat, Miss Busch's gloves and hand-
kerchief, and neatly folded upon it
back of a chair was her jacket. The
letter was an answer to another letter
which Rabe had received. There was
nothing in it to indicate that the two
had intended taking their lives.

Mr. Rabe was 54 years of age and
came to Omaha from Buffalo. In New
York he left a wife, who is attending
a missionary school, and one son. He
was held in high esteem by his congre-
gation.

Miss Busch was 31 years of age, and
had been a missionary in Omaha for
the last five years. She came here
from Chicago, sent by the church mis-
sionary school. She was very poor.

Silvermiths' Threat.

New York, Nov. 6.—The striking
silvermiths threaten to tie up the hol-
iday work of the manufacturing jewelry
trade in this city and vicinity unless a
settlement is reached soon. Over 800
men are now out and business is prac-
tically at a standstill in the factories.

Dragged to Death by Horses.

Ware, Mass., Nov. 6.—William F.
Sullivan, 21, was dragged a mile along
a rough road yesterday and died soon
after the pair of runaway horses were
stopped. The big-bolt of his heavy
wagon broke, the horses sprang for-
ward, the front wheels separated from
the body of the vehicle and Sullivan
fell so that his legs were caught be-
tween the whiffletree and brace.

Not Meeting With Success.

Copenhagen, Nov. 6.—The time for
subscribing to the stock of the Danish
West Indian company expired yester-
day. Of the \$1,000,000 nominal cap-
ital, only one-fifth was subscribed for.
The promoters, who are anti-slavery
advocates, are disappointed on account of
the weakness of the sentiment in favor of aiding
the Danish West Indies. The leaders
of the movement intend to appeal to
King George of Greece, Queen Alex-
andra and the Dowager Czarina of Rus-
sia to buy shares.

President at Oyster Bay.

Oyster Bay, N. Y., Nov. 4.—President
Roosevelt reached Oyster Bay last
evening in order to cast his vote today.
About the depot 1000 persons were
gathered with a band; big bonfires
blazed and fireworks were discharged.

St. Paul, Nov. 6.—With the receipt of
more complete returns the majority of
Governor Van Sant assumes large pro-
portions. It may go as high as 75,000—
a record-breaking majority in Minne-
sota for a gubernatorial candidate.
The governor apparently has con-
siderably ahead of the rest of the state
ticket, although the entire ticket is
elected by about the normal majority.
Eight of the nine congressmen are Re-
publicans, the lone Democrat being ex-
Governor Lind.

Guthrie, O. T., Nov. 6.—Both the
Democrats and Republicans are claim-
ing the election of delegate to congress
from Oklahoma by 1000 votes. The re-
turns are coming in slowly and the of-
ficial count may be necessary to decide
the election. The Republicans claim the
legislature by one majority in the
senate and six in the house.

Milwaukee, Nov. 6.—Belated returns
increase Governor La Follette's plu-
rality in the state. The latest esti-
mate brings his figures up to 50,000. As
near as can be figured, the next leg-
islature will be made up about as fol-
lows: Assembly, 75 Republicans and
25 Democrats; senate, 31 Republicans
and 2 Democrats.

Helena, Mont., Nov. 6.—There ap-
pears to have been a Republican land-
slide all over the state. The Republi-
cans will have a safe working majority
in the house, but on joint ballot the la-
bor people will hold the balance of
power.

Des Moines, Nov. 6.—Fuller returns
place the Republican plurality on the
state ticket in Iowa a little above 70-
000. The plurality of P. B. Bissell,
governor-elect, is 100,000. Henderson
